

## Information

February 14, 2025  
 Motherson Yachiyo Automotive Systems Co., Ltd.

## **We will exhibit high-pressure hydrogen containers at the H2 & FC EXPO – Int'l Hydrogen & Fuel Cell Expo.**

Motherson Yachiyo Automotive Systems Co., Ltd. (hereinafter referred to as Motherson Yachiyo) will exhibit at the H2 & FC EXPO – Int'l Hydrogen & Fuel Cell Expo, an international business exhibition where various technologies, components, and materials essential for the research, development, and manufacturing of hydrogen and fuel cells gather in one place. The event will be held from Wednesday, February 19 to Friday, February 21 at Tokyo Big Sight.

Motherson Yachiyo is leveraging its expertise in storage technology, developed through the production of plastic fuel tanks, to advance the development of high-pressure hydrogen containers. At this exhibition, we will showcase long high-pressure hydrogen containers, which are expected to be utilized across various fields and industries. Additionally, we will introduce Motherson Yachiyo's technologies and initiatives aimed at realizing a hydrogen-based society.
